

TABLE OF CONTENTS

Items starting with pound sign/hashtag (#) are from the online Air FAQ list.

I. AR Permit System Overview

- A. History, One vs Two System
- B. AR Regulations
 - 1. Regulation 18
 - 2. Regulation 19
 - 3. Regulation 26
 - 4. SIP
 - 5. Regulations 8, 9 and AR Code
- C. Relation to Federal Rules
 - 1. Delegated, Approved, Implemented as an “Applicable Requirement”
 - 2. Part 70
 - 3. PSD
 - 4. NSPS, NESHAPS, etc.
- D. Other Programs and AR aspects
 - 1. Regional Haze
 - 2. Nonattainment
 - 3. Acid Rain
 - 4. CSPAR
 - 5. Class I areas

II. Arkansas-Specific

- A. #5. What type of air pollution is regulated?
- B. #6. What is a VOC, and is there a list of VOCs?

- D. #7. What is a HAP?
- E. How are GHGs regulated?
- F. How is PM2.5 regulated?
- G. EPA and ADEQ regulatory authority (i.e., #34. What if I need an interpretation of a particular regulatory requirement?)
- H. Dispersion Modeling
- I. NCAPCS (i.e., #35. What is non-criteria strategy?)

II. Permitting

- A. #8. Does my facility need a Regulation 18.315 (minor source) registration or a minor source air permit?
- B. Do I need a Title V permit?**
- C. General Permits (i.e., #9. What is a general air permit and what can I do to convert a minor source permit to a general permit?)
- D. #11. Do I need to submit an application to make a like-for-like replacement of equipment that is already in my permit?

III. Interim Authority and variances

- #10. Can I operate without a permit?

IV. The Permit Process

- A. Timeframe for getting permits
- B. Public Notices/draft permits
 1. #24. What are the public notices?
 2. #25. How can the public participate in this process?
 3. #26. Will I have a chance to comment on a permit before the permit becomes final?
- C. #18. Where do I send the application?

- D. #19. What happens when an air permit application is submitted?
- E. #20. How long does it take to get an air permit?
- F. #21. What can I do to expedite the permit application review process?
- G. #22. Are any fees required for obtaining a permit?

V. Permit Questions

- A. #12. Can I operate a temporary source, conduct testing, or do other things not listed in my permit?
- B. #13. What's in an air permit?
- C. #14. When do I need to apply for an air permit?
- D. #15. What documents do I submit to begin the process?
- E. #16. Can I submit confidential information in the permit?
- F. #17. Are there instructions to assist in completing an air permit application?
- G. #23. How are fees calculated?
- H. #27. What is a Responsible Official?
- I. #28. What documents must an RO sign?
- J. #29. How long will my permit last? Do I need to renew my permit?
- K. #30. How do I get air emission data (for modeling or other purposes)?
- L. #31. Where can I find emission factors?
- M. #32. Can I change a permit after the permit is effective?
- N. #33. What happens if a source violates its permit?
- O. What types of changes does ADEQ want to know about?
 - 1. Relocation of emission units?
 - 2. Changes in stack parameters?
 - 3. Equipment shutdown/removal from service?

4. Emissions test for engineering purposes?
 5. Addition of a Group B, Insignificant Activity?
 6. Does adding an insignificant activity ever require a preconstruction permit or other authorization?
- P. What changes do NOT necessitate notifying ADEQ (that we often receive notification of)?
- Q. When is less-than-a-permit proper, and what would be the proper documentation for these instances?
- R. How should permittee request an alternative stack testing or monitoring method?
- S. For a change at a source decreasing emissions, is any permit needed?
- T. Is a minor source ever required to re-open a permit for a new applicable requirement?
- U. What mechanism should a regulated entity use to obtain ADEQ concurrence that no permit is required?
- V. When is a permit re-opener required for a new applicable requirement for a Title V source?
- W. Is any permit required for a change in stack parameters? If so, why?

VI. Resources

- A. #1. Where can I access information concerning air permit applications and/or permits?
- B. #2. Where can I obtain a copy of the Office of Air Quality's permits?
- C. #3. Is there a list of draft air permits?
- D. #4. Where can I obtain a copy of ADEQ's air regulations?

VII. Appendices

a. Permit Application instructions

1. ePortal
2. Paper instructions

b. Permit Guidance Manual

c. Modeling Instructions
